The BIBLE Is a LIBRARY

The Bible is composed of the 46 books of the Old Testament and the 27 books of the New Testament. Use your Bible to fill in the names of the missing books on the shelves below. Then draw a scene from a favorite Bible passage in each picture frame. Finally, color the items on the bookshelf.

Note to catechists and teachers: If a child is having difficulty writing the missing books of the Bible in the spaces provided, suggest that he/she use this space to write the name and draw a line to the section where it belongs.

OLD TESTAMENT
